My daily routine

Having a daily routine is very important for everyone. It helps you to do things regularly. Everyone should have a daily routine in his life.

I'm Ahmed. My daily routine is the same every school day! I always get up at 6.00 in the morning. My sister Maryam always makes my breakfast. I go to school by bus with my friend, Ali. My parents work at the same school. My father is a teacher of English and my mother is a teacher of Arabic. I like school very much. My parents get home late, so I often help to make dinner. In the evening, I do my homework. I read on the sofa. I watch TV and text my friends. Then I go to bed. I usually listen to Quran before I sleep.

"Holidays"

Holidays are a good chance for me and my family to relax. We enjoy our time so much. We prefer travelling to Hurghada or Alexandria on holidays.

Alexandria is a very nice place to spend the holidays. We can practice many activities there. I spend most of my time swimming and playing football. At night, we like sitting on a café with a good view of the sea. The whole family have dinner together every night. My father prefers having fish, but I like having meat and rice.

"A description of my new house"

I'm so happy. We moved to our new house last week. We have a large house. It has three floors. My brother shared a room with me in the old house. Now, I have my own room alone. My room has a good view from the window. Also, my father made a large room for reading books. It has many books. My grandparents live with us on the first floor. I play chess with my grandfather. We play in the garden of the house. We enjoy chess every morning. We are so happy.

"Making new friends"

Making new friends helps us a lot in our life. We all need friends. When you move to a new place or a new school, you can make new friends. They help you make right decisions. They teach you new things. They help you have new experiences. You should choose your new friends carefully. Good friends will help you in your life. Don't make friends with bad people. You should ask your parents or teachers when you want to make new friends. Try not to make friends with people you don't know. Friends can help you improve your character well.

"Teenagers"

Teenagers are aged 13 to 19 years. They should use their time in a good way. Teenagers can feel happy and to achieve their goals. They should sleep enough. They should sleep for 8 hours every night. Most of them like staying up late. But it is bad for them. They should make new friends to be happy. They can travel to open places. Nature makes them happy. It's important for them to remember the good things in their life. They should do sports every day. They shouldn't waste time. They should eat healthy food.

Night workers

Subject: Night workers

Dear Ahmed,

How are you? I am happy to write this email to you. We all should respect night workers. There are many jobs such as nurses, call-centre workers and policemen. They sometimes work at night. Nurses have to stay up late at night. They help in hospitals. They should look after patients all night. They are kind to patients. They help them to get well. Call-centre workers also work at night. They answer phone calls from people and help them. Policemen are very important for our life. They make sure that people are safe all night. Night workers are very useful for the community. See you soon.

Hady

I want to tell you about my hero. He's Mohammed Salah. He is a great footballer.

He worked very hard and trained a lot to achieve his goal. Now He is a famous footballer all over the world. When he was young, he travelled for long hours to train. He played in Egypt and then he moved to Europe. He played for different teams such as Basil, Rome and Liverpool. He has scored many goals. Salah is a good person. He has a big smile. He loves all people. Write to me about your hero.

Mr Sayed "Our body"

We should keep our bodies healthy. We should have healthy food. We should sleep enough. We also should do sports. That is very important for our bodies.

We should eat different kinds of healthy food. Healthy food builds our bodies. Sports are the most important thing. Young people should practice any sports. Parents should advise children to look after their bodies. They will grow well. Also, they should warn them of bad habits. Children shouldn't watch too much TV. They shouldn't eat unhealthy food. They shouldn't sleeping late.

"Rubbish collectors"

There are some important jobs. We can't live without Rubbish collectors. The city would be terrible without them. They clean streets. They also clean parks and other places around us. We should respect them. We should teach our children to help them. Children should keep places clean. They work in different places. People should put their rubbish in bins. Rubbish collectors do a great job for us. They are really heroes in our community. Finally I want to say that rubbish collectors are very important in our life.

"Dr Magdy Yacoub"

We are very proud of Dr Magdy Yacoub. He was born in 1935 in Bilbeis. His family used to travel to many places. His father was an important doctor. Magdy became a doctor, too. He travelled abroad and achieved a great success. He was the best heart surgeon. He helped many people to get better. He is very famous for his charity work. In 2009, Magdy Yacoub started his charity for ill children in Aswan. All people like him in Egypt. He is my hero.

My hero Abo Obaida

My hero is Abo Obaida. He is a hero of the Palestinian resistance. He is a strong man. He is very clever and he has a very strong personality. All his enemies are afraid of him. He's my favorite hero because he is defending his land. When I'm older, I want to be like him to defend Al-Aqsa Mosque. I don't like Jews. The Israelis kill our people every day. One day we will defeat them and regain our beloved land. I love Palestine very much. It's our land. It's Arabian land. Israel occupied it and killed many of Palestinian people.

People and jobs

In fact people have different jobs. Everyone should do the job they like. Some people are police officers. They are important. A police officer drives around the city and makes sure that people are safe in streets. He / She catches thieves and helps make traffic better. Some people are nurses. They are very important, too. A nurse helps look after patients in hospitals. Some people are street-food sellers. A street-food seller always works in streets. That's why their job is hard. He / She prepares food for people to eat. Some people are call-centre workers. A call-centre worker speaks to people on the phone. He / She helps them with their problems.

A trip to Al Azhar Park

My name is I live with my family in Cairo. My family and I always go on trips around Egypt. Once we went on a trip to Al Azhar Park. We left home early in the morning. It was sunny and we all felt active. We arrived at Al Azhar Park at 9 am. My mother and father sat under a tree. We had a delicious breakfast there. We visited the Umm Sultan Shaban Mosque. It was really amazing. We took wonderful photos there. My middle sister took selfies as usual. We got home at 6. It was a fantastic day and all of us felt happy.

A job you like

We all agree that there are many interesting jobs. I think the doctor's job is the most important one. He or she helps us get better after being sick. I look forward to becoming a doctor one day to look after the sick and to try to find out the reason for that. He always looks after ill people and tries to find out why they are ill or what hurts them. If a doctor understands their illness, he gives them the right medicines to feel better. A good doctor usually makes sure that all people feel healthy. The nurse's job is as important as she helps doctors and patients. They are truly angels. We have to work hard to have the jobs of our dreams.

How life used to be different in ancient Egypt

Life in Ancient Egypt was different to today. Poor children didn't use to go to school. Children from rich families used to start school when they were about seven. Children used to enjoy playing games. When older parents died, they used to leave their houses to the sons. The Ancient Egyptians used to leave jewellery and furniture inside their houses to the daughters. They lived around the Nile River where they could grow crops. They built pyramids. You can still see these pyramids today. They knew a lot about maths, medicine and farming.

What you used or didn't use to do when you were young

That was so long ago, I don't remember. I used to spend time by myself. I didn't use to go out a lot. I used to do a lot of things. When I was young, I used to get up early and leave the house and go wherever I wanted to go on my bike. When I got home from school, I used to do my homework, then go out and play with all the other kids. I didn't use to help my mum with cooking. We used to live in a village when I was a kid. There didn't use to be a supermarket there. In the summers, we used to run to get ice cream. I used to go swimming every Thursday when I was young. We used to go to the same beach every summer.

What you think we can do to protect the environment

We can help protect the environment in our everyday life. The most important way to protect the environment is to plant trees. Trees may take long to grow, but they are good for our children. We must also stop cutting down trees. We mustn't destroy gardens and forests. We must use less water when we wash or brush our teeth. To protect the environment, we can walk, use bikes or public transports instead of our cars. Cars cause a lot of air pollution. We can collect rubbish and recycle it. This helps keep the environment clean. We should search for another type of fuel to use. We can use the wind or the sun instead of oil. Our environment needs our efforts to protect it. In this way we'll live a better life.

Random acts of kindness

It's important to do random acts of kindness. The smallest things can make others smile. I think that if you do something kind to someone, they will take that act of kindness and move it to people they come across during their day. It's the smallest things that make the biggest differences. For example, holding the door for someone who has their hands full or smiling at a stranger as they pass by, these little things let people know that someone cares about them. Today, before you go to bed, do a random act of kindness. It can be to someone you know or someone who is a complete stranger, but it has to be random. Someday you will receive a random act of kindness in return.

School rules

There are some school rules that I have to follow. At school, I have to arrive on time. I have to listen to my teacher. I don't have to answer all the questions. I have to wear the school uniform. I don't have to play at break. I have to behave well. In the library, I have to keep quiet. I have to give the books back on time. I have to put away the books after I read them. I mustn't eat at the library.

How you could help people in your community

I can do many acts of kindness to people in my community. I can work as a volunteer in a charity or hospital. I can pick up rubbish and put it in bins. I can help my neighbours by doing the shopping. I can donate things and money to a charity. I have to help my old neighbours. I have to keep the street clean. This helps the street cleaners so much. I have to help beggars who are hungry. I have to be helpful in my community.

"Jobs at home"

I share a bedroom with my sister and we are sometimes quite messy, so we usually tidy up every evening before we go to bed. We put away all our clothes and books. Twice a week, my brother and I take out the rubbish. We do it together because the bins are quite heavy. My parents donate money to a charity which helps a local school for disabled people. We think it is important to help people in the community.

The place where you live

I live in Damietta . It is located in the north of Egypt. Its weather is fine all the year round. It is known for its furniture which is famous all over the world. It is also famous for its sweets and daries. The people in Damietta like work very much. They are very active and hard-working. Some people in Damietta work on ships. They go and catch fish. Damietta has a resort called Ras Elbar. A lot of people like visiting it in summer. It is very beautiful. I love Damietta very much.

The importance of water

We all agree that water is very important. We cannot live without it. Water makes up a than half of our body weight. Water is necessary for drinking, bathing, cleaning, and washing and so on. We must save and recycle water.

People shouldn't waste water. Some people waste a lot of water by their cars. We should take a five-minute bath to save water. We should the lakes clean. People mustn't throw rubbish in rivers. They should help them all the time.

Helping the environment

Environment is the nature in which animals, plants and people live. It's important to look after the environment. There are many ways to do the: can plant trees. We can recycle rubbish. We mustn't throw waste in river; should use green means of transport. We can live a happy life if we do r things. We shouldn't throw plastic bottles or rubbish in rivers. We should use ete cars. Electric Cars are very useful to the environment. We should kee: environment clean to live a happy life.

Climate change

Climate change means the change in the world's climate and temperature. Climate change is causing different kinds of unusual acts in the world's climate. It is the most discussed topic at the moment all over the world. There are many causes for climate change. Firstly, global warming is the main reason for it. Secondly, environment pollution is the main reason for climate change. Thirdly, cutting down trees is another cause of the problem. Climate change causes rise in temperature, floods, drought and ice melting which will seriously affect farming and all living things. We should reduce the bad results of climate change. Planting trees can reduce global warming. We should stop using bad chemicals which can reduce environmental pollution.

Recycling

Recycling is important in today's world if we want to keep this planet clean for our future grandchildren. It is good for the environment because we are making new products from the old products which aren't used anymore. Recycling begins at home. If you are not throwing away any of your old products and instead reusing them for something new, then you are recycling. Recycling can benefit your community and the environment. It helps in reducing air and water pollution. Try to buy products that are made from recycled materials. There are some examples of paper, metal and plastic. Before throwing anything, think about how to reuse it.
